

GET ADVICE

When making a will it is vital that you get advice you can rely on.

The Law Society's Wills and Inheritance Quality Scheme (WIQS) is the recognised quality mark for legal experts in drafting wills. You can find a local solicitor and guidance at www.lawsociety.org.uk/findasolicitor

A Rocha UK is unable to offer legal or financial advice.

When leaving a gift to A Rocha UK you will need to include our full name and address and registered charity and company numbers detailed on the back of this leaflet.

When you've had time to reflect and discuss your decision with those close to you, we'd love to know about your intentions. If you wish to find out more about how you can help give nature a future in your will please contact us using the form on this leaflet or email uk@arocha.org

WHY LEAVE A LEGACY TO A ROCHA UK?

Leaving a gift in your will to A Rocha UK is a wonderful way to ensure that your faith, love and passion for nature lives on. We can improve the outlook for nature over the long term by:

- Helping to save species that are under threat in the UK
- Helping protect vital habitats and the future of our nature reserves
- Helping future generations learn about and value nature
- Inspiring and equipping the UK church to care for nature.

WHY MAKE A WILL?

A will is an opportunity to provide for the people and causes you care most about. Making a will means you can feel secure knowing your wishes will be carried out. Your will can be a lasting act of love.

1. Peace of mind – an up-to-date will makes sure that people and causes that matter to you most will be looked after.
2. Help your family – a will gives your family and friends reassurance that they are acting on your wishes, and helps them to take care of your estate.
3. Make your wishes known – without a will, what happens to your whole estate will be decided by law. Writing a will means you can keep control.

**By leaving a gift in your will,
you can help change the world
for the better.**

I want to change the world for the better and for my passion for nature to live on.
